CRIMP HOSE BARB UNIONS

-Buchanan Rubber's **CRIMPLOK** hose barb union is constructed of high quality forged steel.

-The union end connection is interchangeable with all major hammer union manufacturers products

-Both time and money is saved by combining the unions with the integral shanks. No more welding hammer unions to combination nipples.

-The integral hose shank is featured on both the male and female subs.

-Fig100 (black nut) configurations for dewatering applications and fig 200/206 (blue nut) configurations for Frac and Steam applications where a gasket seal is preferred

-fig100 configuration in size 4" and 6"

-fig206 configuration in 4"

Designed for use with Buchanan
